

Job satisfaction, motivation, support and development with a good work life balance.

Small Animal Surgeon (Cert holder or studying towards)

- Large Insured client base in an area where educated clients want the best treatment available for their pets and take an active role in their pet's health.
- Attractive local area near both countryside and the vibrant city of Birmingham.
- Fantastic set-up to gain or use a certificate
- Exceptional CPD.
- Support from management and colleagues in an environment where everyone wants to discuss cases and support each other.
- 15 Vets (4 cert holders) and a broad range of Small Animal skills.
- Lots of kit, everything you will need and more in newly refurbished premises.
- Based at main site (no branch work).
- No office work such as filling out insurance forms, you can spend your day being a vet.
- Excellent management structure, admin and technical support staff, ensuring a smooth running practice.
- Great social life in a stable young team.
- 4 or 5 day week
- Excellent package depending on experience (3 bed house if required).

Small Animal Houseman

A position suiting a **new graduate** wanting a supportive start in a well respected practice. Full development and training in surgery and medicine with supervision from experienced colleagues. This is a unique position in a innovative practice and will provide a springboard for your career.

Exotics and Small Animal Houseman

A position suiting a **new graduate** with particular interest in exotic species including birds, small mammals and reptiles. You would be working under the supervision of Marie Kubiak in excellent premises equipped to deal with first opinion and referrals in exotic pets. The position will also allow you to develop your general small animal work.

The houseman packages include a self contained flat and a car.
